Literacy Focus -

PROOF-READING your work is essential to make sure that it makes sense and is accurate. For any written work you do, you should **BUILD THIS IN** to the time you expect to spend doing your work.

On **PAGE 172** of your planner is page reminding you of the key points to look out for when proof-reading. When writing in class or in school, have this page open in front of you so you can quickly and easily check through your work.

REMEMBER: You cannot say your work is done until you've checked it through:

"My work ain't done and put to bed
'Till it's been checked and proof-read."
